IN THE MATTER OF PUBLIC HEARING

This being the time and place advertised Judge Shaffer opened the Public Hearing to obtain citizens views regarding the adoption of proposed Gilliam County Ordinance No. 2014-02. The proposed Ordinance is to consider a one year moratorium on medical marijuana dispensaries in Gilliam County and declaring an emergency.

Planner Susie Anderson started the meeting with SB 1531 which was enacted which pertains to seed crops including marijuana, GMO wheat, grains....

The problem is inadequate number state staffing medical marijuana business proposals and limited program enforcement guidelines many counties are imposing a moratorium on medical marijuana dispensaries. This will allow time for the business regulations and packaging of products to be developed. Ordinance No. 2014-02 was drafted with assistance from AOC Legal Counsel Rob Bovett Sheriff Gary Bettencourt.

Discussion on the differing federal and state laws regarding medical marijuana legality.

If the Ordinance is passed it becomes effective today and will expire April 16, 2015. In the event the moratorium is extended passed this date the Court will have to meet again.

Public Comment:

Lewis P Marick: 687 Church Street Summit Springs Condon, Oregon

Smoking is a problem with faculty at Summit Springs and the use/dispensing of medical marijuana is currently under review. Concerned where patients will smoke their medicine: he supports a smoke free campus. He does not support the process of clients getting medical marijuana and supports moratorium.

No further public comment.

Judge Shaffer closed the Public Hearing at 11:17 a.m.

Court member input:

Judge Shaffer supports the one year moratorium based on conversation with Sheriff Bettencourt noting importance of developing steps for program and business compliance.

Commissioner Weimar added many people are finding benefits by using medical marijuana for cancer, noting his wife Holly had considered use, but declined. Adding she suffered so much if it could have helped.... He supports the moratorium with all of the questions and feels SB 1351 may have been passed prematurely.

Commissioner Gronquist feels people who need medical marijuana can go elsewhere to get medicine and the Federal law issue does not seem to be stopping marijuana use. Closing with if this comes back for a vote in a year; he may change his mind on the matter.

MOTION: Commissioner Gronquist moved to accept Ordinance No. 2014-02 Imposing a Moratorium on Medical Marijuana Dispensaries in Gilliam County Oregon and Declaring an Emergency.
